CALL FOR SILVER CONVENTION.

It is hereby ordered by the undersigned that a silver convention be held at Phoenix, Arizona, on Thursday, May 18th, 1893. Each league and silver club is entitled to a representation in said convention by as many delegates as they may choose to represent 1 cm. and all other silver men are cordially invited to attend.

The object of the convention is to perfect a thorough organization in the interest of silver. In order that effective work in the direction of the silver cause may be accomplished, our sister silver states and Territories are organized and laboring to bring about this much needed financial reform, and Arizona should not be found lagging in the great work. The time has come when a decisive action must be taken to assist the silver cause. An arrogant and corrupt gold ring is determined to destroy silver as money in the United States, and the impending crisis is now upon us. Come one and all, and let us take such action as will secure our power to be felt, and let us do so without fear, for the Lord hates a generation of cowards. Able speakers from abroad will be present.

A. HUCK,
President Territorial Silver League.
J. J. Wood, Secretary.
Lated April 24th, 1893, at Phoenix, Arizona.

SHIRKING A DUTY.

It has become apparent within the two days that have elapsed since the constitutionality of the exclusion act was decided upon that the administration was hostile to it. As much was suspected when its operation was suspended by Mr. Cleveland to whom at the time there was generously imputed no other motive, than an honest desire to await an opinion as to its constitutionality and thus avoid embarrassing complications.

The disappointment of the government since last Monday afternoon has been ill concealed and a confidential adviser of Mr. Cleveland has gone so far as to charge that the law was a political expedient, allowing an inference to be drawn that it is a relic of the previous administration, and should therefore be abrogated along with the McKinley act the financial policy, the Hawaiian annexation theory and other ideas promulgated between 1888 and 1892.

The disposition of the government to disregard the law has not been manifested in reasonable or constitutional objections to it, which, therefore cannot be met. So the most serious question now is not whether the Chinese must or ought to go, but whether Mr. Cleveland will neglect to enforce an act which, whether right or wrong, is a law concerning whose constitutionality there is no dispute.

The only excuse so far offered for delay is an absence of necessary funds to put the law in operation. It is admitted that there is at least \$10,000 which through an insignificant sum compared with the \$6,000,000 estimated to be required for carrying out the law, is still enough to begin with.

In the larger cities and along the Pacific coast, the highlanders and other criminal classes of Chinese, are a menace to society. This \$10,000 could

be profitably expended in dealing with them and above all, the disposition of the government to carry out the mandate of the court would be established.

COL. WM. CHRISTY.

When Col. Christy surrendered the office of territorial treasurer Tuesday night one of the most valuable officers in the territory became a private citizen. The manner in which he conducted himself in that responsible position has been gratifying to the public in general and a cause of pride to Republicans in particular.

The duties during Col. Christy's term were more than usually weighty and responsible. The funding act was originated, passed by congress and applied within that time and in order that the highest possible advantage might be derived from it it was necessary that the Loan commission should be composed of gentlemen of more than average ability. It was particularly requisite that the treasurer should be eminently qualified. Col. Christy's occupation of the office and the application of the funding act formed a happy conjunction. His wide acquaintance with financial affairs in the east was contributory to the placing of the bonds at the most favorable terms to the territory.

Concerning the other natural business of the office of the territorial treasurer it would be superfluous to say that it has been most ably and honestly performed.

THE NEW TREASURER.

Mr. James A. Fleming is now formally installed in the office of territorial treasurer, a worthy successor to Col. Wm. Christy. We have previously alluded to the excellent judgment displayed by Governor Hughes in naming Mr. Fleming for this place. It was a recognition of the fact that the office is too important to permit political considerations to be taken. The highest financial business talent should be employed in its management. The official should also be a person of great personal integrity. There is no doubt that Mr. Fleming possesses both of these essential qualifications in the highest degree and therefore it may be confidently expected that the treasury of Arizona will be managed just as Mr. Fleming will manage the Phoenix National Bank.

The people of Arizona have great reason for self-congratulation in having had two successive treasurers of the caliber of Mr. Fleming and his predecessor.

DR. L. L. CARMICHAEL.
Stricken Down with Heart Disease.

Dr. Miles Medical Co., Elkhart, Ind.
Gentlemen: I feel it my duty, as well as a pleasure, to publish, unsolicited, to the world the benefit received from Dr. Miles' RESTORATIVE. I was stricken down with Heart Disease and its complications, a rapid pulse varying from 90 to 130 beats per minute, a choking or burning sensation in the wind pipe, oppression in the chest, much pain in the region of the heart and below lower ribs, pain in the arms, shortness of breath, sleeplessness, weakness and general debility. The arteries in my neck would throb violently, the throbbing of my heart could be heard across a large room and would make my whole body. I was so nervous that I could not hold my hand steady. I have been under the treatment of eminent physicians, and have taken gallons of Patent Medicines without the least benefit. A friend recommended your remedies. She was cured by Dr. Miles' remedies. I have taken three bottles of your New Heart Cure and two bottles of Nerve. My pulse is normal, I have no more violent throbbing of the heart, I AM A WELL MAN. I sincerely recommend every one with symptoms of Heart Disease to take Dr. Miles' Restorative. Remedies and be cured.
